Objective:

Highly driven veteran and a recently certified software developer seeking a full-time position in a company where I can lend my current knowledge of .NET, C# and various other skills while continuing to expand upon that knowledge. Making me an increasingly valuable member of any team.

Education:

- **Eleven Fifty Academy, Software Development Immersive Learning Program, Indianapolis, IN, December 2021**
 - 12-week immersive learning program for Software Development taught with industry-guided curriculum, real-world project-based learning, and 500+ hours of logged coding time and training
- **Affiliate Institute, Indianapolis, Indiana, July 2020**
 - 12-week immersive learning program for affiliate marketing teaching sales, copywriting, Facebook ad creation and management and many other related skills.

Competencies & Functional Skills:

Problem solving, troubleshooting, time management, creativity, visual and verbal communication, customer service, critical observation and thinking, organization, Agile methodology, portfolio development, addressing and resolving business challenges

Technical Skills:

Languages/Libraries: C#, ASP.NET, SQL

Cloud Technologies: Azure, GitHub

CI/CD: Agile, Scrum, Git

Databases/ORM: SQL Server, Relational Databases, Entity Framework

Web Technologies: HTML, CSS, APIs, MVC, Responsive web design, Bootstrap

Testing Tools: MSTest

Technical Projects:

- [Komodo Insurance App](#)
 - Utilized C# to build an app for an insurance company that allowed admin to manage a menu for their café, handle insurance claims and manage employee access to certain doors in the building.
- [ZlorpShack App](#)
 - Utilized C#, JavaScript and an API to build an app for a Reading Rewards Program that will teachers to track students, the books they've read and awards they've earned.
- [Let's Jam App](#)
 - Utilized HTML/CSS, C#, API, and MVC to build an app for music store owners who also give lessons. It allows them to keep track of customers, students, products, transactions and enrollments.

Professional Experience:

Digital Marketing Specialist, Self-Employed, Indianapolis, IN. April 2020-August 2021

- Wrote an unpublished book on copywriting.
- Created ads for a personal business page on Facebook which brought in over 1,400 followers.

Install Technician, Comcast, Indianapolis, IN, February 2018 – March 2020

- Troubleshoot customers signal issues and optimized their systems performance.
- Advised and assisted customers on products and their proper placement within their home.

Military Experience

25F, Army National Guard, Greenfield, IN, July 2003 – September 2008

- Achieved the rank of E4 Specialist before being honorably discharged.
- Attended 6-month special training program for a Network Switching Systems Operator-Maintainer where I learned how to install, operate and perform system maintenance on switches to guarantee full working order.
